The Medical Office Building Group Special Interest Group has planned a half day forum specifically designed with MOB's in mind!

Topics & Speakers:

"Indoor Air Quality"

PRESENTER: Greg Barnes, The RMR Group

Area Director of Engineer-Texas, Louisiana, Arkansas, Oklahoma & Mississippi. Prior to joining The RMR Group, Greg was the Director of Engineering for CBRE's Austin, San Antonio and El Paso operations. He has 39 years of experience in commercial real estate facility/building management, building operations. He is an accredited BOMI instructor and instructs local courses for the BOMI SMA, RPA and FMA accreditation. Greg is frequently asked to present local and national presentations related to building operations, evolving technologies and energy reduction strategies.

"Overview of Emergency Remediation and Specific Challenges to MOB's"

PRESENTER: Theresa Solari, Blackmon Mooring

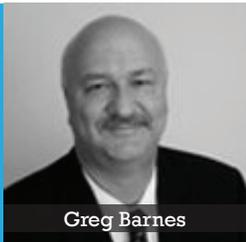

Theresa is a graduate of Benedictine College, and comes to us from Alliance Healthcare Services, where she has spent the last six years managing the healthcare sector from Michigan to Alaska, and everything in between! Prior to Alliance, she spent 16 years with various Fortune 500 healthcare-focused organizations including Abbot, Shering Plough and Alcon, where she was annually recognized for her sales achievements at all organizations.

"Impact of New Technology in MOB's, Space Planning and Project Management"

PRESENTERS: Sandy Tipton & Seanna Ross, STipton Studio

Sandy has over 17 years of experience in commercial interior design, specializing in both corporate and medical office spaces. With a clear vision to integrate her value for client service and her design experience, Sandy launched S. Tipton Studio in 2009. She is committed to providing her clients the information they need in order to make the best design decisions possible for their company. As a native Texan with deep roots in Austin, she was drawn to Austin for its history, creative culture and natural beauty.

Seanna has over 10 years of experience in commercial design and construction, with nearly half of that time spent in the world of acute healthcare design. She loves to be on the jobsite and uses her experience to develop sustaining solutions that improve corporate morale and promote relationships between caregivers and receivers. Hailing from Pflugerville, Texas, she spends a lot of time exploring the Hill Country and surrounding areas with her family in tow. Seanna earned her BS in Interior Design from Texas State University.
